SUBJECTS OF EXAMINATION: A written test designed to evaluate knowledge, skills and /or abilities in the following areas:

- 1. Preparing written material:** These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.
- 2. Understanding and interpreting written material:** These questions test for the ability to understand and interpret written material. You will be presented with brief reading passages and will be asked questions about the passages. You should base your answers to the questions **only** on what is presented in the passages and **not** on what you may happen to know about the topic.
- 3. Office management:** These questions test for knowledge of the principles and practices of planning, organizing and controlling the activities of an office and directing those performing office activities so as to achieve predetermined objectives such as accomplishing office work within reasonable limits of time, effort and cost expenditure. Typical activities may include but will not be restricted to: simplifying and improving procedures, increasing office efficiency, improving the office work environment and controlling office supplies.
- 4. Supervision:** These questions test for knowledge of the principles and practices employed in planning, organizing, and controlling the activities of a work unit toward predetermined objectives. The concepts covered, usually in a situational question format, include such topics as assigning and reviewing work; evaluating performance; maintaining work standards; motivating and developing subordinates; implementing procedural change; increasing efficiency; and dealing with problems of absenteeism, morale, and discipline.

NOTE: This examination will consist of a written test and a qualifying performance test in typing. Candidates who receive a passing score on the written test must also qualify on the performance test in typing. Candidates who successfully pass the written test will be notified as to the time and place for the typing performance test. Your ranking on the eligible list will be determined by your final grade on the written test. If you have successfully passed a Greene County Civil Service performance test in typing within the past five (5) years, you will not be required to take the typing performance test. **You must furnish proof to this office.**

TYPING PERFORMANCE TEST: The typing test will consist of a three (3) minute practice and a **FIVE (5)** minute computerized typing test in speed and accuracy at a minimum acceptable rate of **35** words per minute. The computerized typing test screen is divided into two (2) windows. Candidates must type text from the upper window into the lower window. Candidates type as much of the text as they can during the 5 minutes. In order to pass the test, candidates must enter the text at a rate of at least 35 wpm, with at least 90% accuracy. For example, a candidate enters the text at 35 wpm; the maximum allowable number of errors is 8. A word is defined as five characters. The rating formula divides the total number of characters entered by five to determine the number of words entered.

RETEST POLICY: Candidates who do not qualify on the performance test may request a retest of the performance test in typing. A one time retest will be available. The retest will be given on the same day as the original performance test.

The New York State Department of Civil Service has not prepared a test guide for this examination. However, candidates may find information in the publication 'General Guide to Written Tests' helpful in preparing for this test.
